Subject: RE: Heard any news from Kent B on the DDT?

Importance: High

We will include this item in our next Pesticide Recycling... so we just need the paper work, notice of inspection, stop sale, photos, special report narrative... etc.

IDA will forward this on to EPA. They asked us to take custody of the item and dispose of it.

Any staff member coming into Springfield can transport it down... Rick Severns is coordinating the pesticide. recycling so I'll let him chime in on any due date that in needs to be in Springfield by.

Thanks so much for your help!

Subject: Re: Heard any news from Kent B on the DDT?

Suzanne, all,

Kent brought the container in, so I have it in the office. I can verify it is full, and seems to be original.

What are we to do with it now? Does it need to go down to our lab?

What paperwork is needed for this? Kent can include a quick report, but please advise on anything else needed and how to handle this process.

Thanks,

Subject: Re: Heard any news from Kent B on the DDT?

He's going first thing tomorrow AM.

He had some things already scheduled for today, but I may have not been perfectly clear to prioritize this, though I thought I was pretty urgent.

He said he had been looking some stuff online in preparation and found multiple examples of these types of things for sale. May be worth mentioning to EPA?
